ACRES COASTAL

Perched dramatically above the Pacific coastline, this masterwork of modern architecture represents the pinnacle of luxury cliffside living. Designed with board-formed concrete, cantilevered glass volumes, and zinc cladding, the residence seamlessly integrates with its rugged natural environment while offering world-class amenities.

"A harmonious synthesis of structural boldness, private natural sanctuaries, and uninterrupted ocean vistas across multi-level outdoor living zones."

Architectural Highlights

PROPERTY OVERVIEW & FEATURES

Multi-Tiered Infinity Pools

Features an upper cantilevered lap pool extending over the cliff edge, paired with a lower natural stone cascading pool and hot tub surrounded by lush coastal foliage.

Outdoor Fire Lounges

Designed for year-round entertaining, including sunken concrete fire pits, amphitheater-style stone seating, and a private beachside pavilion.

Rooftop Astronomical Dome

A custom private observatory dome atop the master suite penthouse offers clear stargazing away from city light pollution.

Helipad & Private Cove

Includes a dedicated circular landing pad for direct private air arrival, along with direct winding stone path access to a private beach cove.
